REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Claim 1 requires "determining a distance to an object in each of three or more mutually different directions" in addition to "calculating two or more inclination angles of the object relative to a reference line based on three or more range finding results."

U.S. Patent No. 4,973,156 to Dainis teaches the calculation of distance in three directions (see figure 3 and accompanying text). However, Dainis does not teach the calculation of two or more inclination angles from the distance measurements.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Brian K Andrea whose telephone number is (703) 605-4245. The examiner can normally be reached on M-F 7:00-3:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Thomas Tarcza can be reached on (703) 306-4171. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
